## DETAILED ACTION

This action is responsive to the amendment filed on 10 August 2007.

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-5 are rejected under 35 U.S.C. 102(b) as being anticipated by Silverbrook et al. ("Silverbrook", WO 99/04368).

Silverbrook discloses in Figs. 335-338 and p. 366 of WO 99/04368 a camera system for recording images, the camera system comprising: an electronic sensor; a digital processing means; a photo width ink jet printhead (7606, Fig. 336) for printing said processed image on a surface of ink jet print media, said print media being treated so that it is magnetically sensitive and includes a magnetic recording surface; and a photo width magnetic recording head (7616) for recording associated information on said magnetic recording surface; said information comprises audio information, first and second surfaces of the print media, and an internal detachable roll in said camera system.

***Response to Arguments***

3. Applicant's arguments with respect to claim 1 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

4. Applicant's submission of an information disclosure statement under 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p) on 16 April 2007 prompted the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 609.04(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
